# National Study of Health and Wellbeing

## CONSENT FORM: Follow-up Research

In the future, the National Centre for Social Research (NatCen) or NHS Digital may want to conduct follow-up research. We would like your permission to contact you again about taking part in future research on health or health services.

You do not have to give your consent for this if you don't want to.

NHS Digital will carefully review all proposals from researchers/organisations to conduct follow-up research for this survey or other research before giving approval where appropriate. We would never approve any follow-up research that was for commercial purposes. In early 2023 NHS Digital is merging with NHS England.

If you are invited to take part in any future studies, you are free to refuse if you do not want to take part.

You can cancel the permission at any time in the future by writing to: National Study of Health and Wellbeing (P15430) **NatCen Social Research, Kings House, 10-135 Kings Road Brentwood, Essex, CM14 4LX**, or you can telephone **0800 652 4572** and ask for Sarah Butt. You do not need to give a reason to cancel this.

For further information please visit:
