**Birth Cohort 2**

**Age 4**

**Web-CATI questionnaire**

**2014**

## LANDING PAGE:

Welcome back to Growing up in Scotland. We're interested in hearing from you to get an update on how things are going for you and your family. In particular, now that your child is a bit older, we're interested in finding out about their experience of nursery or pre-school.

This questionnaire is completely voluntary and all your answers will be kept confidential. If there are any questions you don't want to answer just click next to go on to the next question.

## FAQs

We have answered some of the questions you may have, please visit the GUS website:

## QUESTIONS ON PRE-SCHOOL AND CHILDCARE

### **IntPreSch [NOT IN DATASET]**

Children aged three and four are entitled to free part-time nursery or 'pre-school' places funded by the Government.

These pre-school places are provided by a range of childcare organisations such as nursery schools, nursery classes at primary schools, playgroups or day nurseries.

WEB: The next few questions are about ^childname's experience of pre-school.

For these questions, please only think about those pre-school places ^childname has attended since ^his 3rd birthday.

CATI: I would like to ask you a few questions about ^childname's experience of pre - school. For these questions, please only think about those pre-school places ^childname has attended since ^his 3rd birthday.

**NOTE:** Instructions for these questions were changed part-way through fieldwork due to policy changes. Pre-changes, respondents were instructed to give details to the nearest half an hour; post-changes, respondents were asked to provide details to the nearest 10 minutes.

Data for PRhrmo-PRhrs are therefore provided in different sets of variables:

- 1) The original unedited variables are provided for reference and for users wishing to explore the minute detail of the data;
- 2) Edited variables outlining time spent *pre* changes to instructions in format comparable with post-change data;
- 2) Edited variables outlining time spent *post* change in instructions in format comparable with pre-change data;
- 3) Edited overall measures of number of hours, incl. both pre- and post-change to instructions in comparable format.

### **ChIntro [NOT IN DATASET]**

We would now like to ask you about any regular childcare that ^childname currently receives.

By 'childcare' we mean when ^childname is looked after by anyone other than you [or your partner].

We are interested in all types of childcare - including both formal, e.g. a childminder, and informal childcare, e.g. a grandparent, but not any care from ^provider name.

*IF Childcare arrangements were recorded at Sweep 2 [DbCany01 = 1], or at Sweep 1 when Sweep 2 was skipped i.e. if Sweep2=2 [MaCany01 = 1]*
